Good Morning

I will like you to know more about me and why am here in Malaysia

I feel real good checking my mail to read from you again, you are the reason to my happiness now, I am happy you are interested in learning more about me, I have been single for a while now, because am yet to find that special one to share my life with. I am presently in Asia(Malaysia to be precise), it's not just a visit, am here on business trip, am here to buy some special Asian Historical artifacts,antiques, gold,sculptures, textiles and some paintings too, it is cheaper down here compared some other part of Art markets, I inherited this business from my late Mom, it has been an interesting business. About my family it's a long story to tell and touching that makes me want to cry my eyes out whenever I remember the past. I will keep this short, It's been a mixed past for me because of how i loose those closer to me, I don't know much about my Dad`s family until he`s death, my Dad kept all information away from me about his family for some personal reason which made me decide to come to Asia for this trip apart from my business, my Mom was much of a loner, she never really kept friends apart from business partners and she kind of imbibed that kind of lifestyle into me. I grew up never really making much friends in school, I was glued to my studies. My Mom was never close to her relatives and because none of them stay in the States, she never bothered about them...all these really affected me because when I grew up I didn't really have to zest to get along with people, Last 6years I encountered a turning point, I lost my Mom, I was opened up to the reality of the outside world living my life by myself with my one and only best friend who finally betrayed me. Oh...a moment of silent, I miss my Mom today because of the courage and advises she

use to give to me about life, but I am glad I am who I am today.

Hello XXX

Good Morning to you, How was your night and did you sleep well? I really missed you so much and wish i was there with you yesterday , You're inside my brain all night, I can't sleep all through the night because I'm troubled in my heart, You're the best that ever happened to my world, I want you to know that you're one and only friend that i have and you care so much for me thank you so much for that.

I've something that I need to tell you concerning my goods! As you know that this belongs to my late mother which I inherited from her and this is my first time dealing with International Buying and exporting this Quantity of Gold.

I received the news from the Export Courier service and Immigration that before I can shipped the Gold that I must present the International recognized weight of the Gold from Gemologist . So I decided to get in touch with my agent which leads me to office of Gemologist here, So I explained my problem with them.

Unfortunately, They showed me the List of Charges of Gemologist service which is the lowest price in the International Market, Before An Gemologist can weigh and authenticate my Goods, I've to pay sum of 15,000 euro at the cashier. I was so down and sad, I'm mostly fainted when I saw the price, I was sweating.

I've to be honest with you that I don't have such money and I believe you'll be there for me and support me to make sure that Gemologist carryout the weighing of the goods and signed the document which I'm going to present to the courier service and Immigration. I want you to know that everything belongs to us now, We're one and a good friend , one mind, one heart, What I've belongs to you, I want you to know that I'll returned every penny as soon as I bring the Gold along with me. I really hope you'll be there for me in Bad and Horrible time like this! I need your support as my man, my partner! I know you'll do your best for me to achieved our goals together. Thank you so much, I hope to hear from you.

I care

Your friend

Hello

Good Morning to you, How was your night? Did you sleep well? Hope you're doing good? I'm very happy to read your message and I really appreciate your support, I know we can make good things together, I want to tell you that the Gemology needs to authenticate the weight of the goods before I can do any importation. I've to pay for the gemology service before the custom can allowed me to do the importation to germany,The 15,000euro are meant for the service of the gemology expert who is going to weigh the goods and authenticate it for international recognition without his recommendation on the good! I can't import the goods, I've sold all my property and closed all the account in germany because I've to raised money for this business,But if you need to transfer the money to me, I've a reliable agent here,I'll give you details of her account, You'll transfer the money through her.I've geman passport so that wouldn't be problem coming back home! concerning the taxes and custom fees in germany, as soon as I pay for the gemology then I'll contact the buyers in

Europe, They will be the one to pay for the taxes and custom at the port of entry! But I must have certified document from the gemology so that I'll be able to sell the goods without problem. I've attached the invoice to this email. I hope you'll do your best for me, So that I can be able to come with the goods before the end of this week! Thank you for your anticipation.

the transfer but unfortunately, The money has not reflected into the account! So I've to come back home to inform you! Kindly contact the bank to know how many days the money is going to be reflected into the gemmologist account? Why is the transfer slow? A normal transfer should take 4 to 5 working days! Do you confirm the money has left your own account? Kindly let me know all what's going on with the transfer and why it takes too long to credit the gemmologist account! I hope to hear from you! Have a wonderful day ahead.

Hello XXX

Good Afternoon, When I read your message from the audit of the Bank, I tried to contact the Gemmologist to confirm the truth about the Account Information! Fortunately, The gemmologist told me that he's the owner of the Fitness Company! He's the owner of the Sole Fitness Company! The Gemmologist is a private Expert which examines Jewellery and Gemstones! He's not on website and whenever he wants to work, he uses the account of his company for his/her client!

All the same, I think since the bank made things difficult to transfer the fund! Meanwhile, You're the owner of your money, You've a right to transfer it to someone whom you trust! I believe there is one way and very fastest and safer way to transfer the money to me because the request of the bank is somehow difficult to get, I know very well that you trusted and I'm always honest with you! You can still transfer the money to me through WESTERN UNION AND MONEY-GRAM! which is more faster and reliable to transfer the money to me directly to my own name and address, Then I can deal the gemmologist myself and that would be more preferable. I will give you my name and address again.

All you need to do is to get in touch with available Money-Gram and western union agent in your area. You'll only be able to transfer 5000euro through Western Union daily and 2500euro twice on the same address through Money-Gram. I count on you that you'll ignore the bank transfer, Kindly do your best for me and I'll never let you down. Thank you so much.

Here is the name and address.

Hello XXX

Good Morning to you! I read your message, I think the major problem is with the gemologist department because he didn't tell me that the account belongs to his company, He also told me that he gave me his personal email not with the company own! So if you mailed the company own, You may not get replied because he's not the one in charge of the company as a manager! he's the chairman of the company, If you want to reach him and ask a question to confirm my word! You've to contact him through the email that I sent to you(solefitness@geologist.com). Secondly, I made the

transaction when I never noticed the receipt date until your observation! I think that's error from the Well Business Venture, These are local Business venture, They don't sell it on Internet or Shops! I bought directly locally from the Villages where the Goods are sold Cash and Carry! They don't have website! I really need your understand and trust this time because I don't think you shouldn't let the little thing to bring confusion between us! Fine, The bank made their Examination! It's me that you've to trust! I'm the one who gave you the account details! If i didn't know the Gemologist very well, I'll never recommend his account! He gave me his Business Account, I doesn't aware he has Fitness Company Until The bank Carried out the Examination and Which was confirmed by him as well! You've to realized that my word are never changed! You've to believe and trust me! The bank are doing their Job but It's your Business to send your money to anyone you want and trust! They can't stopped you! So if you think you're really want to help me and support me! You've to trust to take a risk that the money will be safe and used for the Purpose! The reason why I bring suggestion of transferring through Western Union is because If you can transfer it to my own name and address that would give you more assurance that the money will come to me directly and I can use it for the purpose! So I think I've made my point, It's left to you to decided on what you want to do for me! If you're going to let me down or stop your support and help with me! meanwhile, We're in contract and agreement. We should respect it. If you think you can't trust views from the gemologist business account! Then there is an option Send the money to me directly through Western Union or Moneygram on my own name! I'll take it and paid for the Gemologist to carried out the examination and evaluation on the goods! I've attached my passport! I hope to hear from you! Kindly ignored the threat from the bank! They are not here, I'm the one who is facing and dealing with this people and I trust them. Thank you for your anticipation! Take good care of yourself.

Regards

Jalia

Good morning to you, How was your night and did you sleep well? I hope you're doing well and enjoy your business holiday trip,I really want to appreciate your support, fighting spirit and not giving up on me, I believe the only way I can reward you is to be with you,Then you'll know that how special you're to my world. I want to say thank you for your understanding and believing in me, This gives me more courage and believe that meeting you was a fate and becoming your friend is my choice and I know we're meant to be together! You're an Angel. I believe you're doing the right thing for me and I also know that you're an honest and sincere, down to earth man. I'm so proud to have you in my life.

Firstly, I don't want you to be panic because the money will be refund back into your account, I want to assured you that I'll never deal with wrong people because I know it's not easy to get money! I will never let you down. I want to give you my word and let you know that I'll also want to make you proud! I've checked the account very well and I also went to the gemmologist to confirm the account which is the same thing that was given to me!

Secondly, I want to raised suggestion due to the short time we have because of this Christmas and new year period! I would love to be with you before the Christmas and I'm also curious to share sweet things together with you, Also, I was thinking about the working hours concerning this season, Holiday will start soon and every shops and office will start getting ready for holiday, So I want to suggest if possible when the money is refund back into your account! You can transfer the money to me directly through Western Union and Moneygram respectively which is more faster than bank transfer that would take 4 to 5 work days! I believe you're also curious the way my heart long for our

meeting. If you don't think otherwise and Agreed with my suggestion, I'll write my details on this letter! So as soon as the money is refund back into your account! Then you can withdraw the money and transfer it to me through Western Union or Moneygram, I'll get it here in 10minutes! I believe this will enhance and gives us speedy transaction with gemmologist! But if you insist on the bank transfer. I've no Objection but I believe you're feeling the same way as I am! I will also need to hear your opinion on this suggestion! Once again, I want to show my appreciation and thank you for your anticipation and listen to my word! I believe what we owe each other is respect and what we can give each other is LOVE! I'm hoping you're doing great and taking care of yourself for me where you're! I wish you a wonderful day! Hope to hear from you soon.

Good Afternoon,

How are you? Good to hear from you again, I really want you to know that you're trying all your best for me but You're still under control of the bank which I think you're the one who should control them. Concerning the passport, I can't send it on internet through email! This is internet, Some criminals are hacking emails, The passport is my life, It's not advisable to be sending the passport on internet, I just have to do this for you by sending it in the first place, Even the bank should know this implication! I'm so unhappy that you're referring me to someone in the bank? That's not how to treat friend, I can't do that for you, Even when you're trying to help me, I need your respect as your future partner! I don't think you need to be controlled by anyone over your money, You're the one who owns this money or maybe the person you're referring me to is that one who is going to pay your loan for you? I think you're trying to bring third party into our friendship and agreement! You should give the order on your money, You're a man and I need my man to sound authoritative, You don't need to be control or ask where and who you are sending the money to? I hope you'll do the right thing! If you went to the bank on Monday, Tell them what you want them to do! You're the owner of your asset! You control! Don't allowed them to control you! I don't think bank need my passport before they transferred the money into the account that i gave you! If you really want my happiness and respect our friendship and agreement! You'll do the right thing! They served you and you control them the service you want them to run for you! Kindly understand the implication of sending passport with numbers on internet! I can't do that for our future! I don't want to have anything or problem with my passport! I need your total respect and understanding. Thank you. Have a nice and wonderful day, Hope to hear from you

Good morning to you, How was your night? I'm so happy for everything that you've done for me, I don't know how to say thank you and how grateful I am. I really feel so glad and have tears of joy for your support! Thanks so much for saving from worst! I wish you're here and give you a deep kiss! I can't wait to be in your arms, I just came back from the office of gemologist to show the confirmation of the transfer! I hope the money will be reflected in his account within 3-4 working days, Then I can be able to tell you when I'm going to be with you and tell you the details of my flight to Germany.

This feeling of love that I hold within my heart for you runs deeper than any ocean or sea; I just wish you could see how much you mean to me. If only you could hold me, then maybe you would feel my love for you that burns with a flame high enough to last. If only you could hear my heart beat, then maybe you would understand the language of love with which it speaks. If only you could kiss me then maybe you would taste my love for you that's so sweet, and if only you could look into my eyes, the window to my soul, then you would know that this is no lie!

I believe what you feel for me is real and what you say is true, then with all my heart do I trust thee. If you want me as your love as much as I want you as my love then so be it. I give you this heart of mine and ask nothing less or nothing more but just that you don't go breaking my heart. My love and trust is all I have to give to you, sealed with honesty throughout and as time goes by, may it grow stronger to fulfill your heart's desire.

If it pleases you, call me your lover from this day forth and you're mine. For your love am I and your best friend too. As our body, mind and soul combine, so do our hearts become one.

Hear this, my declaration of love, from me to you. I love you, my Angel, with all my heart and I will never stop loving you. You are my life, you are my everything. Though distance may keep us apart, you will always be embedded deep within my heart. Thanks so much for your anticipation

Good morning and how was your night i hope it was fine, Am so happy to read from you this morning and i always feel good any time i read from you and your letter always make me happy XXX. Actually where will I start from? Let me say something to you; your love is like the morning star that brightens the day that makes the day look good. Your love is incomparable, is unbeatable, it makes me want to move on, it gives me hope, trust, caring, and a future that shows someone special is out there for me that cares, that loves, and trusts.

The distance is our problem but if we look at it in a different view, we will know this is the thing that can prove our true love. I don't know when I started to love you, it started with sending e-mails to you everyday wishing you a good morning and with a lot of feeling in them. Then, one day, I found myself loving you and couldn't stop this feeling. Just you knowing me more and more each day and how you understand me in everything, that's why I love you more and more. Every time you say hi, you brighten my life.

I love you with all of my heart,

Hello XXX

I am sitting here somewhere in the world thinking about you, thinking about all the things we've spoken about, all the things we've said to each other, thinking about the so many "I Love You's" that have never lost their value even though we've said them more than a million times to one another. I know you are somewhere at the other side of the world thinking about me too. Wherever you are and go, you go with me. I walk by your side. When you go to bed, I am stepping in it at the same time you are. When you sit down to eat, I am next to you to eat too. When you are combing your hair, I am there kissing and stroking it, smelling the smell of the shampoo you use. I am so in love with you - and I can even feel you here ... behind me, touching me, saying, "Love, come with me." I would come with you without hesitation.

I love you with all that I am, all that I was and all that I will ever be. Please know that my love and I are inseparable and I would want it no other way and if time could express my love for you then it's forever and a day. I can't wait to be with you, see your smile, look in your eyes, feel your sweet touch, hear your perfect words and kiss your perfect lips. The way I feel about you some people call crazy, some call it insane, but I call it true love. I really love you.

Hello XXX

Good morning my Love and how was your night and i hope you sleep well ? I think my thoughts into words about the future , about life, and what I want out of it. I keep think about us and what this relationship means to me. I always think about these things and I realize they go hand in hand. This relationship is my future, it is what I want from life. I want to grow old with you. I want to experience this crazy love forever and ever, and I think I'm going to learn. I would like us through a selection of houses, the exact the right thing would be for us. I want to see you around our house on foot in a large T-shirt and catch me staring at how gorgeous you are. I want the covers of me pulling at night and then I have even closer, if it is possible to keep warm for you. I want to see how crazy you laugh at me when I do stupid stuff. I want to fall asleep every night with you in my arms. , I would like to fall asleep on my chest listening to the beat

of my heart and know it beats for you I want you, the first what I see when I wake up and the last thing I see when I go to sleep. His I want your bad morning to see hair, I think it is so cute. I want to sit on the beach with you and watch the sunset, and I want all the people who pass us to the love that we obviously have for envying one another.

But I must have certified document from the insurance so that I'll be able to sell the goods without problem. I hope you'll do your best for me, So that I can be able to come with the goods before the end of this new week! Thank you for your anticipation.

Hello XXX

Good Morning my Love and how was your night and i hope you sleep well ? In the past, I had always yearned for someone to love, to cherish and to take good care of - to whom I would share my dreams with and make them come true. I'd always walked around feeling so empty with a hole in my heart that I thought would never get filled... You filled that hole. I think back to how empty my life was without you, and I am so grateful that you are here. I have found in you what it means to "love." I tell you a million times a day, each day that I love you. Although you reciprocate these feelings, I am sure that you have no inkling of the magnitude of exactly what they mean to me. You can do the slightest thing and it warms me. You may not even realize it. Each day has me falling more in love with you. I love you more and more with each passing day. And it eases me to know that as tomorrow approaches, I will love you more than yesterday and tomorrow will be more than today. You are really God's gift to me ... my answered prayer that I will forever cherish in my heart.

You are the most wonderful, kind, compassionate, romantic, smart, sensible, intelligent, talented, kind-hearted, thoughtful, congenial, affectionate, appreciative, loyal, caring, loving, passionate, handsome and an incredibly sexy man with "killer abs" I have ever met and I thank God everyday that you are mine! I love you with my whole existence, my whole life and nothing in this world can take that away! I love you more than I could ever explain. More than I even understand. You touched my heart in ways no one could ever comprehend.

I hope today turns out to be the day I wished it to be for you. Today, I'd like to give you this little glass that holds the unrelenting memories of my past that shackles my being. I just have to give this to you and I have to do this for myself, for you, and for us. Today, I give my life to you - my heart, my mind, my body and my soul ... I belong to you now.

This may start sounding like a poem ... I don't know. I just wanted to let you know that you are my heart, my everything, and the other half of my soul, that I love you with everything I have and hold. Now, when I look towards the future, you are always pictured there. Maybe, in this lifetime, you will never know how much I love, care and cherish you. Your love gives me the feeling that the best is still ahead. I can't wait to spend forever with you.

About the mail from Mr Michael Stephen 10.01.2014 yes you are right i used your name to be the receiver in Germany but i included my email so that anytime they mail me i will know what to tell them and about the Certificate, That is what i have to pay for now so that i can have the Certificate of Insurance and my goods will be shipped out of Malaysia

Hello XXX

Good morning and how was your night and i hope you sleep well? You're also inside my thought and I can't wait to be in your arms XXX, Since day one we've shared something incredible, something that most people only dream of. I had been searching for you all of my life. You have made me the happiest I have ever been. You are sincere, caring, loving man, and I wouldn't trade you for the world. I am so thankful and blessed that you loved me as much as I loved you,

Let me start by saying that I thank God every night since I found you. You came into my life when everything seemed so dark but you provided the light to find my way. I've never been so certain of anything in my life like I am of us. You have totally changed my outlook in life and I thank you for that. I never thought that someone could love me like you do, but guess what? I love you that much too. I feel as if I'm walking over clouds just thinking about you. You make my life complete. I know you've said we could do foolish things while in love, but you know what? With you I wouldn't mind being a fool for the rest of my life. I love you so much and I know you love me too. I know that others looking into our relationship might think that we're saying too many foolish things too soon but they just don't know how we feel about each other. There's nothing foolish about the things I've told you, I meant every word I said. I love you and for you and you. I would do anything, I love you so much. Today I promise you that I would do anything in my power to make you a great person, outstanding father and loving husband. I LOVE YOU!!

Not that there are no other fish in the ocean upon whom I can sling my hook, but who can be like my dear XXX that loves me with such generosity of heart? I love a hand that meets my own with a grasp that causes some sensation and which only your's can do. I love you not only because of beauty but for your sense of decency, delicacy, kindness and other complementary qualities. I can't help doting

on you. Therefore all my gestures of love towards you come straight from the bottom of my heart, I swear!

Hello XXX

Good morning to you, How was your night? Did you sleep well? My Love, all I am saying now is that I am so happy to have found you. You mean everything to me. You are my earth, my water, my sun. You are everything that maintains life, everything that gives life. Having you with me is like being reborn. Before you, I was dead. I was a zombie wandering around with no destination, or a robot that people commanded. I didn't have a life. Now I have you, and all I want to do is be with you and feel

ALL of you. Know that you are wanted ... how much? That is not something I can describe in words - eternally much, horribly, awefully much? I can't wait until I can embrace you, kiss you, to melt with you, to show you HOW much you are wanted. We will be together soon ... I know, a look in your beautiful green eyes ... Oh God! I just love You!

Every day I will be thinking about you. When my eyes are closed, when I sing and dance to a love song, when I'm checking my email, I will be thinking about you. When I go to sleep in the loneliness of my room and give in to wonderful dreams I will definitely be thinking about you.

I know someday we will meet and spend our lives with each other. I have waited for someone like you, and now that I have found you I will never let you go. I love you so much,

Everything you do for me reassures me that I am appreciated. I want you to know that you mean so much to me. From the first day you mail me, you were determined to get to know me. At first, I was skeptical about you because of your persistence, but you quickly grew on me. I want you to know that every moment we've spent together since that first day holds a special place in my heart. I was afraid at first that if I let you in I'd regret it, but I haven't regretted a single moment. I trust you, and I know you'll be there for me no matter what. I trust that you'll be faithful to me and that you won't hurt my heart. You tell me how you want only the best for me. You tell me how beautiful I am. You tell me how you love every curve of my body. You just make me feel extra special; make me feel a sense of warmth inside. I want you to know that I love you for this! I love you for being so caring and genuine. I love you for everything you've done for me. I love you for the happiness and joy you bring to my life. I love you for you! We don't even need to talk to communicate with each other. By just being together, holding hands, or cuddling, we can sense each other's thoughts and inner feelings. I want you to know that I want the best for you as well. I want you to succeed and I want all your dreams and fantasies to come true. I know that in me you see a young woman full of kindness, understanding, and compassion. A young woman with an open-heart. A young woman who puts a smile on your face everyday. I will be that woman who's there for you just as you're there for me, the one who encourages you through life's ups and downs. But ultimately, I want to be the woman who is your everything. Not an hour goes by that I don't think about you. You have brought so much joy to my life and you give me so much to look forward to when I wake up every morning. I want you to know that I sincerely appreciate you XXX

Yes Honey, I really understand the fact that we have never met in person but there's one thing I want you to know in a relationship with which is very Important, Trust is a very important factor for all relationships. When trust is broken, it is the end of the relationship. Lack of trust leads to suspicion, suspicion generates anger, anger causes enmity and enmity may result in separation...so without trust in ourself I dont think our relationship can be successful, honey i really need your fully trust and understanding, I promise never to let you down.

XXX i feel so sad that you don't trust me about the passport and it make me feel so bad right now if am not in love with you am not going to still be here for you i love you with all my life can we just forget about this and let me come home back and you will see it yourself.

Hello XXX

Good morning my love how was your night and i hope you have a nice night? My love I can imagine your joy on this day enjoyed in such a bucolic city. And here am I thinking of my beloved man, realizing again and again that my feelings for you keep getting bigger and bigger... That's what I feel now being apart from you.

I tell you this: you're the love of mine! The man who left my head spinning. It's hard to describe the love I feel for you, but I realize that you are the man of my life, you were created to enchant me, to be my King..

My red heart is blue, because I'm missing you. Every day, I think about you, and I imagine how great every hour, every minute, and every second. Every night, when I lie in bed, I dream about how things could be. And if you believe in your dreams hard enough, someday they will come true for you. XXX, I want you to help me ,I want you to help me get the Loan as soon as possible so that i can come over and We are still on our agreement of 15% interest of the total money you have loaned me.

XXX my King, I trust you completely. I keep you in my heart, in the coziest corner, warmer, most docile .Now that you are not near at hand, time seems to take much longer to pass, the days are longer, the nights sadder, nearly unbearable, living without you is like a bad dream for me, literally speaking. If you know how much I love you, you will understand the affliction I stand these days. Love is what it is: a pleasure that astonishes and then leave us ungrounded. This little heart stays radiant when I

This little heart stays radiant when I remember your multitude of qualities, your virtues, and so, he beats softer and more cheerful.

The only thing that cheers me up is to know that we're gonna be together again quite soon, so have lots of fun.

When my thoughts are upon you and with you I have no fear whatsoever, not even about the future. I know that "the rest of our lives" is not what's to come, but what has already been. I'm sure that our path, from now on, will be lit by sunlight's joy and the moon's

Hello XXX

Good Morning and how was your night and i hope you sleep well? Who would have ever thought that I would find in you what it means to "love"? You have taught me what it means to love another person. More than that, that love taught me how to love myself better.

It is because of you that I am the woman I am today. It is because of you that I know loyalty and commitment, dedication and pride, peace and contentment. It is because of you that I can smile on the inside even when the clouds are forming for another storm to overcome. It is because of you that I breathe. It is because of you that I live. It is because of you that love is real.

XXX, from the moment you came into my life, I knew you were someone special. I knew by the way you looked at all my pics , talked to me and was there for me. I was afraid to love again... afraid of the pain it might bring. But in a short time, you showed me that real love wasn't painful or deceiving. You showed me that I deserved to be loved and happy. You gave new meaning to my life and I could never thank you enough for that! You truly are a Godsend to me!

So, for all you've done for me... I promise to always be there for you, to cherish you and to love you whole-heartedly. I promise to be a loyal and loving wife for all the rest of my days. I promise to love you always!!

It is you that I want to see waiting for me at the altar... it is also you that I want to hold my hand in the delivery room and it is you that I want to spend my life with. Now that we're together I promise to be always true to you, to love you and trust you. I love you more than anything this life can offer me.

You made me realize that I don't need to wait for everybody's approval for anything... as long as I am happy and as long as it feels right for me. I guess destiny has lead you to me so I guess we're really meant for each other. Now I know everything's going to be okay because I have you with me now

Every night I dream of heaven, and I'd gotten used to the idea that they are looking for an angel, one that went missing the day you stepped into my life, the day all my sorrows were washed away and I took a step into the impossible, crossing the margin from natural to supernatural. You are my angel and forever you will be. The one whose memories I will treasure forever till the day I turn into an angel like you.

My Love am so happy for the good new about the loan and what do you think we are going to do now, I can't wait to be with you anymore and i thinking if you can transfer the € 33,000.00 on Monday so that i will go and make the payment of that and we will balance so that they can start work on the goods and once we pay the balance am not going to be waiting anymore i will just be on my way home

Hello XXX

I am so thankful I met you! You are the most important person in my life. I never thought I would find someone like you to share my life with, and now I don't even want to imagine what my life would be like without you in it. I love the way you make me laugh, how we tell each other everything, how we do everything together. Wherever you are is where I want to be. When we are together I feel like it's just you and me, there's no one else on earth. It feel like we're the only ones here. I fall madly in love with you more and more each day. If there's one thing in this world I know, it's that I AM SO IN LOVE WITH YOU XXX

Let me start by saying that I thank God every night since I found you. You came into my life when everything seemed so dark but you provided the light to find my way. I've never been so certain of anything in my life like I am of us. You have totally changed my outlook in life and I thank you for that. I never thought that someone could love me like you do, but guess what? I love you that much too. I feel as if I'm walking over clouds just thinking about you. You make my life complete. I know you've said we could do foolish things while in love, but you know what? With you I wouldn't mind being a fool for the rest of my life. I love you so much and I know you love me too. I know that others looking into our relationship might think that we're saying too many foolish things too soon but they just don't know how we feel about each other. There's nothing foolish about the things I've told you, I meant every word I said. I love you and for you and D. I would do anything, I love you both so much. Today I promise you that I would do anything in my power to make you a great person, outstanding father and loving husband. I LOVE YOU

Hello XXX

I believe that the most important 'key' to a successful relationship would have to be 'trust'. I believe that with trust, love will follow. However, what I have noticed is that many people think trust, or expect that trust is to be earned by the other person, when in all actuality it is something that comes from within yourself. All too many times people will say they don't trust due to past experiences. What they don't realize is that they have built up those proverbial walls to protect them from the very thing they are searching for... yes, there is a risk in trusting someone, but when you finally find that 'right' person, it makes all the past experiences and lessons learned very much worth the risk. All of life's little lessons do not have to be painful... even when they seem so at the time. You just have to choke it up to experience and move on. Nothing is worth closing your heart. Nothing is worth living in a world of fearing what bad 'may' come to you why allow them and their actions to stop us from finding what we search for? I say open your hearts to trust and bask in the beauty, happiness, and joy, of the true love that will follow. For everyone there is a someone, you just can't find them if you hide away all your life..."

i know its hard to trust on the internet because there are so many games behind the computer, i really we should build on trust and never let our past be a stumbling stones on our future, i am not here to waste my time neither am i here to waste your time, i am not here for your money but i need true love, sincere man and someone to start a happy home with and about age on my passport just because of the business am doing so the they can be talking to me and about the dating site am not more they once i met you i did not go back they and you also why do you have to go back there or are you still looking for an anther woman or what my love you have to 'trust me and don't tell any

one about us i mean both of us , XXX let just keep this till we will both meet soon you know how much i love you and i can't hurt you

My Love do you have any good new for me about the money on your account have you seen it just let me know what is going on ?

Hello XXX

Good morning my love and how was your night and i hope you sleep well and You are the first thing to enter my mind in the morning and the last thing to leave my heart at night and Whenever life seems to drift you away from me, I can't help but cry. You've grown to be such a part of me that without you life is no more than a desperate sigh. They do say love comes and goes, and to that I disagree. So, here's my hand, take it and don't let go of me.

If it is meant to be, our hearts will find each other when we meet. And if our hearts melt together so will our bodies and souls. Then every word and every touch will fuel our passion flame. I will be yours, you will be mine, and we will be one and I wish I could see through your eyes so I would know what you like to see. I wish I knew your wishes, so I could give you everything you want. I wish I dreamed the same dreams you do, and together we could make them come true. I wish I knew what makes you happy, so I could make you the happiest person in the whole world. And lastly, I wish I were a cell in your blood, so I would be sure I was somewhere in your heart i just want to say thank you for loving me XXX

Up in the skies, I look very carefully to see your face. I wonder if you're there, I wonder if this morning you're thinking of me. I just want to tell you that looking at the stars makes me think of you. By looking at it I just want to be where you are, and hold you tight and never let go.
