I want to say thank you that you wrote me back. I want to tell you something about me. It will help you to know who I am.

I live in Russia. It's beautiful country but it is not the best place where I want to live all my life. Therefore I decide to use internet to find my second half from other country. I was born 19th of December 1984 in little village and now I live in Korolev. This is one of beautiful towns at Russia. I live here with my dad. My dad's name is Alexander. He is very strong man not only physique and of course he have a strong character. My mother leave us when I was very little girl. She said that she do not want to have a family she want have good career. Now she lives in Moscow and she is business woman. My dad takes care about me and our family like a real man!!! I love him very very much! He gave me a good education. I graduated from Krasnoyarsk State Medical University and now I work at little clinic. I love my job because my patients are kids. I love kids and therefore I will never understand my mother who left me and my dad. I think that at first women must think about family and kids and only after that she can think about something other things! Do you think so?

As for me women must personify her family because real man wants to have a wife who can escort him in business and also be a good mother for his kids.

Olaf, please tell me something about your life. I want to know you better. Please, be with me honest it will help us be closer to each other! If you can not be open with me because it only our first meeting, I think that some later you open to me your soul and your heart. I can open my heart only for lovely man but I need feel him in spite of distance. Please write me back as soon as possible! I will wait for your letter with impatient.

Your new friend Larisa.

P.S. I attached my passport! So you can see that I'm real person and I'm serious about you!  
Write me back as soon as possible.

Hello my dear friend Olaf. I'm happy to receive your letter and want to say thank you!!!

Many peoples stopped write letters to each other at this time but I think that it is not right. I think that writing letters is very romantic process. I remember that my granny told me that she wrote letters to my grandpa when he was far away from her. She told that with helps of letters they loved each other more and more. That's why I prefer to talk with you by letters.

Now I know something about you and I can start to draw a picture in my head which call "Who are you in real life" :-). Every time I try to imagine you in real life and I have a little information to draw all your life. Therefore I think that you want to imagine me in my life and you need more information about me. Now want to continue to tell you about myself.

As you saw I'm very romantic girl and I love romantic people. Do you love romantic Olaf? I

think yes because every man when he loves his woman can do everything for her. My girlfriend had a boyfriend. He was very hard-hearted man and when he was fall in love with my girlfriend he was very varies!! I know that love can change everybody but only it is true love!!! Did you ever love somebody and is it changed your life Olaf??

I want to tell you more about myself. I'm every time love to change my image. I am trying to go with the times. I doing it because I see that my friends with whom I studied together stopped to look after oneself. Some of them have a family and kids and they say that they do not need anymore in their life and they love each other like they are. It is not right and for your lovely man or woman they must to all to be better than they are. I want to be better from day by day!!!

I love to travel. I'm every year traveling at many places into my country. As I said Russia is a beautiful country. We have many rivers and forests, we have very beautiful places and when I'll leave Russia I'll miss but I know that onetime I can come back here to stay like visitor. I have a strong character because I was brought up my dad. My dad telling me every time that I can do everything to change my life and I can hope only on myself. Of course my dad will help me with any problems but I want to do it only by myself. It will make me stronger and I know that it will need me in future life. But I want to tell you honestly that in heart I very vulnerable woman. Like a many women I very sentimental. When I see a romantic movie I'm crying and also I can cry of joy. I'm cry-baby :-)

Ok dear Olaf I finishing this letter and I will wait for your answer with impatience!

Your Larisa.

Also during the shifts I help surgeons during the operation. This is the hardest part of my job. I do not sure about kids right now because I think that at this period of my life I want to find a man for long term relationships. Of course later I would be happy to create a family with him. After this we can discuss all about kids together and have a common decision. This is my position in this question. My religion is Chris but I'm not a religious person.

I'm woman and I need to feel that I doing right decision. Are you really that man whom I looked for all my life or no? This thought disturbs my head every time. I understand you, feel you and I think that you can fall

in love with you. But I want to feel you more.

I want to touch you! I want to hug you and want to kiss your lips. I think that your lips have a sweet taste.

I want to tell you that it is not easy to me to imagine you! I like imagine, I like fantasy but I like reality more than internet! How do you think can we ever meet in real life? It will be very interesting to me! I know that you think so.

Maybe you could think that I'm not serious but it is wrong opinion. I always thought many time before I take a decision! My father taught me does so. He told me that time can not return back and I know that he is right.

Ohh... my darling Olaf. My senses overcrowd me and I want to stop right now before I do not start to cry again :-). It is funny but my father do not like when I'm crying. And I do not want to show it to him. Ok honey I want to say good bye and I will wait for your letter.

Kiss you deeply! Your Larisa.

Hello dear Olaf.

Well you want to come here. I already told you why this travel is important to me! But I think that you don't remember. I told you that I need to know how is live there in the Europe.

Because if we will decide to live together and maybe create a family then I don't think that you will be ready to leave all your life there and come to live to Russia forever and I also I don't want it. So I need to know you in your daily life. I need to know your friends! I need to know your family and the people who is like a family to you! I hope that you can understand it. I would be happy to show you my country but when we will come here together like a couple!

I am very glad that you also want to see me but I can not invite you to my home because I live with my dad in a very small communal flat, which consist of one room. We have one common kitchen and bathroom for seven families. Can you imagine a life in such unfavorable condition?! I will be shy to stay with you and my dad in one room, when you come to me. My dad will feel uncomfortable too. Please understand me my dear. I don't want to offend you.

But I just try to be honest with you. My dad was brought up in USSR and that time it was unbecoming to allow a bad-known man to stay in a flat with a woman before wending and moreover at first time. So he is not against of our meeting but not in our small apartment. He thinks that if we really like each other and want to become closer, we have to spend as

much as possible time together. But you understand that it will be impossible here because my dad will confuse us and we will not be able to relax in his presence. But in your home we will be always tete-a-tete. Do you understand what I mean?

Moreover I think that if we want a family, I have to come to you! Because we are going to live with you in your country. I want to learn your culture! I need to feel it because I will live with you in your country. I want to know the way you live. I hope you understand me.

Also I think if you want to stay in the hotel then you will want me to come there. I talked with dad about it too and he told me that it will look like you come here to spend some time with me and then get back. My dad was confused with this thought because he told that it looks like a client comes here to taste a commodity! So I will look like a whore or prostitute who will spend time in the hotel. I really don't want it. So please help me to come to you and all will be fine.

Tell me, what do you think about it? I hope my letter didn't make you disappointed.

I kiss you, my dear. I will wait for your letter with impatience.

Larisa.

Hello my most tender and gentle man in the world, Olaf.

I was very glad to read your letter. It is filled with feelings and your care. Your letters I have always been warm.

Olaf, my dear, I am very glad that you agreed to help me with the organization of my trip. My darling, I told you that I do not have international passport. I need to get all the documents! I found the best agency that can help us in this. Manager of the agency told me and showed certificates. This agency has partners, such as an embassy. Therefore agency can prepare a journey full and in a short time!

My honey, Olaf, this is for us the real chance to meet and spend good time together. We can hold a maximum of time together. I think that we will communicate and learn each other more and better. We learn as we smile, we feel the touch and tenderness of our bodies. We finally learn what our passion is. Are you ready to test our feelings in reality, my dear?

My sun! I asked a travel agent about they could prepare for me part of documents and some I do myself. The manager said to me that they are preparing a full package of documents for travel including flight tickets. They do not work with certain types of documents.

My dear Olaf, I beg you to write as soon as possible in a travel agency and find out the price of my trip for you. Do not forget to give to manager details of your city or the airport. I hope that today you will connect with them. I give you their site ([www.iliaalekhin.com](http://www.iliaalekhin.com)) and their email of manager: [support@iliaalekhin.com](mailto:support@iliaalekhin.com) I know that website is on Russian but don't worry you can write to manager and he will answer to you! I think that you need my private data to send it to manager of travel agency. My full name is Larisa Ebanko, date of birthday 19 of December 1984. 141090, City Korolyov, Tikhomirovoy street, 9-63. I think that you need to ask depart from Moscow. I will go to Moscow by myself.
